

PRELUDE TO A CURE IS PROUD TO PRESENT **WOMAN TO WOMAN**

MAKE A DIFFERENCE FOR LUNG CANCER AND JOIN US

SEPTEMBER 24, 2015

For the third year in a row, Prelude to a Cure presents a unique opportunity for women to network, shop and learn for the benefit of lung cancer research. Lung cancer is the leading cancer killer of men and women, killing more women than breast, colon and ovarian cancers combined. There will be vendors selling unique items, and live music by the multi-talented Chris Lee, singer and songwriter. The evening is a wonderful opportunity to network, make new friends, and benefit Prelude to a Cure's unwavering endeavor to fight lung cancer. Please join us to pay loving tribute to our special friend, Bonnie Walsh, as we carry on this event in her memory. Please visit us at www.preludetoacure.org

Performance by Chris Lee

Chris Lee is an American singer, songwriter, producer, record engineer and a recent graduate of the Berklee College of Music. Sign up for the mailing list at www.GLPA.Life and follow him on Instagram and Twitter @ChrisLeeMusic. To listen to some of his music, go to www.Soundlikeugo.com
